

SUPPORTING OUR MEMBERS UNABLE TO RETURN TO ACTIVITY

COVID-19 CLUB EDUCATION

IT'S OK TO SAY NO!

Many of our members have been frontline workers during the COVID-19 pandemic – We thank you all! Many of our members have been caring for vulnerable members of our society or have underlying health conditions. Covid-19 is still affecting many people, this means it may not be possible for everyone to safely return to Gaelic games at this time.

WE STILL NEED YOU!

Even if you can't return to play or activity within your club at this time – we still need you and your support. Each and every member of our sport is valued, and we still need your contributions. You should not feel pressured into returning to on the field activity until you are comfortable to do so.

HELP OUT IN NEW WAYS....

If you are unable to return in your normal role as a player, coach, or referee – is it time to try learn some new skills? Have you considered other roles or activities you could try for 2020?

- Officers for club or county
- Shadowing Roles
- Facilitating online meetings
- Collating coaching resources
- Producing new coaching resources
- Helping with contingency fixture plans

GAA FOR ALL

It is anticipated that parents/guardians of any children with underlying health vulnerabilities will be additionally cautious.

Parents/ guardians will have to make the call on any risk involved in their children return to play having considered the GAA's 'over-arching protocols.'

FURTHER SUPPORT

There is more information available on the GAA website Covid Club Education including a Ready, Steady, Go! recording of **'We are back – but is everyone?'**
